

2023 International Exstrophy Conference

Seattle, WA | July 22

Seattle Children's[®]
HOSPITAL • RESEARCH • FOUNDATION

Association for the Bladder Exstrophy Community

For one amazing weekend every summer, the Association for the Bladder Exstrophy Community (A-BE-C) joins together with families and health care providers to offer an opportunity to share experiences, knowledge, and support around bladder exstrophy. This year's conference will take place July 22, 2023, in Seattle, WA. We are beyond thrilled and grateful to be hosted this year by Seattle Children's.

A-BE-C is the only organization supporting the bladder exstrophy community in the United States. Each year the Exstrophy Conference strives to bring families together to build a sense of community and provide the latest medical information. Our attendees come from all over the United States, and sometimes from around the world, to share their stories and meet doctors and professionals who can guide them on their exstrophy journey. We anticipate over 200 patients, families, physicians and clinical staff to attend the 2023 event.

A-BE-C is committed to ensuring that all who are affected by bladder exstrophy have the opportunity to realize their life's greatest purpose and potential. We look forward to another exceptional year with your support.

Thank you for your kind consideration!.

Sincerely,

Pamela Artigas
 President & Executive Director
 A-BE-C

Paul Merguerian, MD
 Division Chief of Urology
 Seattle Children's
